ACADEMIC YEAR 2026-27

Sunrise Institute of Technology

Student Handbook

Rules, deadlines and services for every student

FICTIONAL INSTITUTE · FOR WORKSHOP USE

Sunrise Institute of Technology is not a real institution. This handbook is sample data for the Campus Doubt Desk demo at the JuvenileAI x Scult Academy workshop (17 Oct 2026). Names, fees, dates and contacts are made up.

SECTION 1

Welcome and How to Use This Handbook

Welcome to Sunrise Institute of Technology. This handbook explains the rules, deadlines and services that matter most in your day-to-day student life. Please read it at the start of every academic year.

How this handbook is organised

Each topic has its own page, and every page number in the contents list matches the page you will land on. Policies are written in plain language. Where a rule has an exception, the exception is stated on the same page.

Who this handbook is for

This handbook applies to all undergraduate and postgraduate students enrolled at Sunrise Institute of Technology for the academic year 2026-27, including students living in the hostels and day scholars.

When rules change

The Institute may update a policy during the year. Updates are announced by email to your student account and posted on SunPortal, the student web portal. If an announcement and this handbook disagree, the most recent official announcement applies.

Your responsibilities

- Check your student email and SunPortal at least twice a week.
- Keep your contact details on SunPortal up to date.
- Carry your student ID card whenever you are on campus.
- Read the policies on attendance (page 9), examinations (page 11) and fees (page 15) carefully. Most student problems come from these three areas.

CAN'T FIND AN ANSWER?

If your question is not answered in this handbook, contact the Student Affairs Office. Office details, email addresses and office hours for every department are listed on page 25.

SECTION 2

About Sunrise Institute

Sunrise Institute of Technology is a private, autonomous institute offering undergraduate and postgraduate programmes in engineering, computer applications and management.

Campus

The campus is spread across 42 acres and has five academic blocks (A to E), a central library, two hostels, a sports complex, a medical centre and a main canteen. The Admin Block, next to the main gate, houses the Student Affairs Office, the Accounts Office and the Examination Cell.

Programmes offered

Programme	Duration	Department
B.Tech Computer Science and Engineering	4 years (8 semesters)	Computer Science
B.Tech Electronics and Communication	4 years (8 semesters)	Electronics
B.Tech Mechanical Engineering	4 years (8 semesters)	Mechanical
B.Tech Civil Engineering	4 years (8 semesters)	Civil
BCA (Bachelor of Computer Applications)	3 years (6 semesters)	Computer Applications
MBA	2 years (4 semesters)	School of Management

Academic structure

The academic year has two semesters: the odd semester (August to December) and the even semester (January to May). Each programme follows a credit-based system. A typical theory course carries 3 or 4 credits and a lab course carries 1 or 2 credits.

Heads of Department

Each department is led by a Head of Department (HoD). Your HoD approves elective changes, course load exceptions and internship requests. Your department office can tell you your HoD's office hours.

SECTION 3

Academic Calendar 2026-27

These are the key dates for the year. Detailed exam timetables are published on SunPortal at least three weeks before each exam period.

Odd semester (2026)

Event	Date
Odd semester fee due	25 July 2026
Course registration window	27 July - 31 July 2026
Classes begin	3 August 2026
Last day to change or drop an elective	14 August 2026
Mid-semester examinations	21 September - 26 September 2026
Last teaching day	20 November 2026
End-semester examinations	26 November - 12 December 2026
Winter break	14 December 2026 - 3 January 2027

Even semester (2027)

Event	Date
Even semester fee due	20 December 2026
Classes begin	4 January 2027
Last day to change or drop an elective	15 January 2027
Mid-semester examinations	22 February - 27 February 2027
Last teaching day	23 April 2027
End-semester examinations	28 April - 15 May 2027
Summer break	17 May - 31 July 2027

Public holidays are listed on SunPortal. If a scheduled exam falls on a newly declared holiday, the Examination Cell will announce a new date by email.

SECTION 4

Admission and Enrollment

Admission is confirmed only after your documents are verified and your first fee instalment is paid.

Document verification

New students must submit the following originals for verification at the Student Affairs Office during the first two weeks of the odd semester. Originals are returned the same day after verification.

- Class 10 and Class 12 mark sheets and pass certificates.
- Entrance examination score card (for B.Tech and MBA).
- Transfer certificate and migration certificate from your previous institution.
- A government-issued photo identity document.
- Four recent passport-size photographs.

Student ID card

Your student ID card is issued within 10 working days of document verification. It is required to enter the campus, the library, labs and exam halls. A lost ID card must be reported to the Student Affairs Office. A duplicate card costs INR 300 and is issued within 5 working days.

Roll number and SunPortal account

Every student receives a roll number and a SunPortal login on the day of enrollment. Your roll number appears on your ID card, admit cards and grade reports. Do not share your SunPortal password with anyone.

Bona fide certificate

If you need a bona fide (enrollment) certificate for a bank, scholarship or visa, request it on SunPortal under Requests > Certificates. It is usually ready for collection from the Student Affairs Office within 3 working days.

SECTION 5

Course Registration

You must register for your courses at the start of every semester, even if you are simply continuing with the default courses for your programme.

When and how to register

Registration is done on SunPortal during the registration window, which opens five working days before classes begin. For the odd semester 2026, the window is 27 July to 31 July 2026. Your registration is complete only when the status on SunPortal shows **Registered**.

Credit limits

Rule	Limit
Minimum credits per semester	16 credits
Maximum credits per semester	26 credits
Maximum credits with HoD approval	28 credits (CGPA 8.0 or above only)

Late registration

Students who miss the window can register late during the first 7 days after classes begin by paying a late registration fee of INR 500. After that, registration is closed and you must contact your HoD in person.

Prerequisites

Some courses require you to have passed an earlier course first. SunPortal will not let you register for a course whose prerequisite you have not cleared. If you believe this is a mistake, raise a request with your department office.

Fees must be cleared

You cannot register for a semester while fees from the previous semester are unpaid. See Fees and Payment Deadlines on page 15.

SECTION 6

Electives

Electives let you shape your degree. There are two kinds: department electives, offered by your own department, and open electives, which any student may take.

Choosing electives

You choose your electives during course registration on SunPortal. Each elective shows the number of seats left. Open elective seats are allotted on a first-come, first-served basis.

Changing or dropping an elective

You may change or drop an elective during the first 10 working days of the semester. To do this, submit an **Elective Change Request** on SunPortal under Academics > Electives. Your HoD reviews the request, usually within 2 working days. Your attendance in the new elective is counted from the day the change is approved.

> **ELECTIVE CHANGE DEADLINES 2026-27**
>
> Odd semester: last day to change or drop an elective is **14 August 2026**.
>
> Even semester: last day to change or drop an elective is **15 January 2027**.
>
> After the deadline, electives cannot be changed for that semester.

When an elective is cancelled

An elective runs only if at least 15 students register for it. If an elective is cancelled, the students registered for it are informed by email and may choose another elective within 5 working days, even if the normal change deadline has passed.

Number of electives

B.Tech students take six department electives and three open electives across their degree. BCA students take four department electives and two open electives. MBA students choose a specialisation in the second year, which includes five electives.

SECTION 7

Attendance Policy

Regular attendance is essential. Attendance is counted separately for every course, including each lab.

HOW MUCH ATTENDANCE DO I NEED?

You need a minimum of **75% attendance in each course** to be allowed to sit the end-semester examination for that course.

Theory and lab components are counted separately. Having 90% in one course does not make up for 60% in another.

Medical condonation (up to 10%)

If you were absent because of illness, up to 10% of the required attendance can be condoned (excused). This means a student with a valid medical certificate may still be allowed with attendance between 65% and 75%. The medical certificate must be submitted to your department office within 7 days of returning to class. Certificates submitted later are not accepted.

What happens below the limit

- Below 75% (without condonation): you are not allowed to sit the end-semester exam for that course and receive grade F for it.
- Below 65%: condonation is not possible. You must re-register for the course in a later semester.
- Students below 75% at mid-semester receive a warning email and their parents or guardians are informed.

Checking your attendance

Faculty record attendance in every class. Attendance is updated on SunPortal every Monday under Academics > Attendance. If you find an error, report it to the course faculty within 7 days. Errors reported later are not corrected.

On-duty attendance

Days spent representing the Institute at approved events can be marked as on duty (OD). OD days count as present. See page 23 for how to apply.

SECTION 8

Leave and Absence

Any planned absence from classes must be approved in advance. Unplanned absences must be explained as soon as you return.

Types of leave

Type	How to apply	Counts towards attendance?
Medical leave	Submit a medical certificate to your department office within 7 days of returning	Can be condoned up to 10% (see page 9)
On-duty (OD) leave	Apply on SunPortal at least 3 working days before the event	Yes, counted as present
Personal or family leave	Apply to your class coordinator in advance	No, counted as absent
Bereavement leave	Inform your class coordinator; up to 5 days	Can be condoned with HoD approval

Long absences

If you need to be away for more than 15 continuous days, for example for surgery or a family emergency, write to your HoD and the Student Affairs Office. You may be advised to take a semester break (temporary withdrawal) instead of losing attendance in every course.

Semester break

A student may take a break of one or two semesters with the approval of the Dean of Academics. During a break, you pay only a nominal registration fee of INR 5,000 per semester. The maximum time allowed to complete a programme is its normal duration plus two years.

Missing an exam

Missing a mid-semester or end-semester exam is handled differently from missing a class. See Re-evaluation, Make-up and Supplementary Exams on page 13.

SECTION 9

Examinations

Every course is assessed through continuous assessment during the semester and an end-semester examination.

Assessment pattern

Component	Weight
Mid-semester examination	20%
Assignments, quizzes and lab work	20%
End-semester examination	60%

To pass a course you need at least 40% overall and at least 35% in the end-semester examination.

Admit card

Admit cards for the end-semester exams are available on SunPortal three days before the first exam. You will receive an admit card only if your fees are cleared and your attendance is at least 75% in that course, or has been condoned. Print your admit card and bring it to every exam along with your student ID card.

Exam hall rules

- Report to the exam hall 15 minutes before the exam starts. Students arriving more than 30 minutes late are not allowed in.
- Mobile phones, smartwatches and earphones are not allowed in the exam hall, even if switched off.
- Only non-programmable calculators are permitted, and only where the question paper allows them.
- You may not leave the hall in the first hour of the exam.
- Any attempt to copy or help others is treated as malpractice (see page 14).

Results

End-semester results are published on SunPortal within 30 days of the last exam. Grade reports can be downloaded from Academics > Results.

SECTION 10

Grading and CGPA

Sunrise Institute uses a 10-point grading system. Your marks in each course are converted into a letter grade and grade points.

Marks (%)	Grade	Grade points	Meaning
90 - 100	O	10	Outstanding
80 - 89	A+	9	Excellent
70 - 79	A	8	Very good
60 - 69	B+	7	Good
50 - 59	B	6	Above average
45 - 49	C	5	Average
40 - 44	P	4	Pass
Below 40	F	0	Fail
Absent	Ab	0	Absent from end-semester exam

SGPA and CGPA

Your SGPA (semester grade point average) is calculated as the sum of (credits x grade points) for all courses in the semester, divided by the total credits for that semester. Your CGPA (cumulative grade point average) is calculated the same way across all semesters completed so far.

Converting CGPA to percentage

Where an employer or university asks for a percentage, multiply your CGPA by 9.5. For example, a CGPA of 8.2 is equivalent to 77.9%.

Backlogs

A course with grade F or Ab is called a backlog. Backlogs must be cleared through supplementary exams or by re-registering for the course. Students with backlogs are not eligible for merit scholarships (page 16) or placements (page 24) until the backlogs are cleared.

SECTION 11

Re-evaluation, Make-up and Supplementary Exams

If you are unhappy with a result, or missed an exam for a genuine reason, there are fixed processes and deadlines.

Re-evaluation

You can apply for re-evaluation of an end-semester answer script within 7 days of the results being published. Apply on SunPortal under Academics > Re-evaluation. The fee is INR 750 per course. Re-evaluation results are published within 21 days. If your marks increase, the new marks replace the old ones; if they decrease, the original marks stay.

Photocopy of answer script

You can request a photocopy of your evaluated answer script for INR 300 per course within the same 7-day window. Viewing the photocopy first helps you decide whether to apply for re-evaluation.

Make-up examination

If you miss an end-semester exam because of a medical emergency or a death in the immediate family, you can apply for a make-up exam. Submit the application with supporting documents to the Examination Cell within 3 days of the missed exam. Make-up exams are held within two weeks after the end-semester exams. There is no fee for a make-up exam.

Supplementary examination

Students with a backlog (grade F or Ab) can clear it in the supplementary exam. Supplementary exams for the odd semester are held in January and those for the even semester in June. The fee is INR 1,000 per course. Your continuous assessment marks are carried forward, and only the end-semester component is retaken.

DEADLINES AT A GLANCE

Re-evaluation or photocopy: within 7 days of results.

Make-up exam application: within 3 days of the missed exam.

Supplementary exam registration: opens on SunPortal one month before the exam.

SECTION 12

Academic Integrity

Honesty is the foundation of your degree. Every piece of work you submit must be your own, unless the assignment clearly says otherwise.

What counts as misconduct

- Copying from another student, a website or a book without citing the source (plagiarism).
- Submitting work written by someone else, or paying someone to do your work.
- Using unauthorised material or devices in an exam.
- Sharing your work with others so that they can copy it.
- Making up data or results in a lab report or project.

Plagiarism checks

Assignments, reports and theses are checked with similarity-detection software. A similarity score above 20% (excluding properly quoted and cited text) is reviewed by the course faculty.

Use of AI tools

You may use AI tools such as chatbots and coding assistants only when the course faculty allows it for that assessment. When you use them, you must say how you used them in a short note at the end of your submission. Using AI tools in an exam, or submitting AI-generated work as your own without disclosure, is misconduct.

Penalties

Offence	Penalty
First offence	Zero marks for that assessment
Second offence	Grade F in the course
Third offence, or misconduct in an end-semester exam	Referred to the Disciplinary Committee (see page 22)

SECTION 13

Fees and Payment Deadlines

Fees are paid every semester through SunPortal. Paying on time keeps your registration, admit cards and results active.

WHEN IS THE LAST DATE FOR FEES?

Odd semester 2026: fees are due by **25 July 2026**.

Even semester 2027: fees are due by **20 December 2026**.

Fee structure (per semester)

Programme	Tuition fee	Development fee	Exam fee
B.Tech (all branches)	INR 85,000	INR 5,000	INR 2,500
BCA	INR 45,000	INR 5,000	INR 2,500
MBA	INR 95,000	INR 5,000	INR 2,500

Hostel and mess fees are separate (see page 20). A one-time refundable caution deposit of INR 10,000 is paid at admission.

Late payment

A late fee of INR 100 per day is charged after the due date, up to a maximum of INR 5,000. If fees are still unpaid 30 days after the due date, your registration is put on hold and you will not receive admit cards until the dues are cleared.

How to pay

Pay online on SunPortal under Finance > Pay Fees using net banking, UPI or a debit or credit card. The receipt is emailed to your student account and can be downloaded at any time. Cash is not accepted. For payment problems or instalment requests, contact the Accounts Office (page 25).

SECTION 14

Scholarships and Fee Concessions

Sunrise Institute offers scholarships based on academic merit, financial need and sports achievement. A student can receive only one Institute scholarship at a time.

Scholarship	Who can apply	Benefit
Merit scholarship	Top 3% of each programme by SGPA, with CGPA 8.5 or above and no backlogs	25% tuition waiver for the next semester
Need-based scholarship	Students whose family income is below INR 4.5 lakh per year	Up to 50% tuition waiver
Sports scholarship	Students who represent the state or the country in a recognised sport	Up to 30% tuition waiver

How to apply

Apply on SunPortal under Finance > Scholarships. Merit scholarships are awarded automatically after results; you do not need to apply. For need-based and sports scholarships, upload the supporting documents with your application.

> **APPLICATION DEADLINES**
>
> Odd semester: apply by **31 August 2026**.
>
> Even semester: apply by **31 January 2027**.

Government scholarships

Students eligible for central or state government scholarships should apply on the respective government portal. The Scholarship Cell verifies your enrollment for these applications; request verification on SunPortal and allow 5 working days.

Keeping your scholarship

A scholarship is withdrawn if you are found guilty of misconduct (page 14) or if your attendance falls below 75% in any course in that semester.

SECTION 15

Refunds and Withdrawal

If you leave the Institute or withdraw from a semester, part of your fees may be refunded depending on when you withdraw.

Tuition fee refund

When you withdraw	Tuition refund
Before classes begin	Full refund, minus INR 1,000 processing fee
Within the first 15 days of classes	80% of the tuition fee
From day 16 to day 30 of classes	50% of the tuition fee
After 30 days of classes	No tuition refund

Development and exam fees are not refundable once classes begin.

Hostel and mess refund

Hostel and mess fees are refunded month by month for the remaining months of the semester, from the month after you vacate your room and return the keys.

Caution deposit

The INR 10,000 caution deposit is refunded after you graduate or withdraw, once you have a no-dues certificate from the library, hostel, labs and Accounts Office. The refund is made to your registered bank account within 60 days of the no-dues certificate.

How to withdraw

Submit a withdrawal request on SunPortal under Requests > Withdrawal, and then meet the Student Affairs Office with your ID card. Refunds are processed within 30 days of approval and paid to the bank account used for the original payment.

SECTION 16

Library

The Central Library has over 60,000 books, 120 print journals and access to major online databases.

Opening hours

Day	Hours
Monday to Friday	8:00 am - 10:00 pm
Saturday	9:00 am - 5:00 pm
Sunday and public holidays	Closed
During end-semester exam weeks	8:00 am - 12:00 midnight, every day

Borrowing

Student type	Books at a time	Loan period
Undergraduate (B.Tech, BCA)	4 books	14 days
Postgraduate (MBA)	6 books	21 days

You can renew a book once on SunPortal if no one else has reserved it. Reference books, journals and theses cannot be borrowed and must be read in the library.

Fines

Late returns are fined INR 2 per book per day. A lost book must be replaced with a new copy, or paid for at its current price plus a processing fee of INR 200. Unpaid library fines block your no-dues certificate.

Online resources

E-books and online journals can be accessed from anywhere through SunPortal under Library > E-Resources, using your SunPortal login.

SECTION 17

IT Services and Labs

The IT Help Desk supports student accounts, campus Wi-Fi, lab computers and printing.

Student email and SunPortal

Every student gets an email account in the format firstname.rollnumber@students.sunrise.example. All official communication is sent to this account. SunPortal uses the same password. You can reset your password on the SunPortal login page using your registered mobile number, or at the IT Help Desk.

Campus Wi-Fi

Connect to the network **Sunrise-Students** and log in with your roll number and SunPortal password. Each student can connect up to 2 devices at a time. Streaming and gaming websites may be slow or blocked during class hours to keep the network fast for academic use.

Computer labs

- Labs are open to students from 9:00 am to 6:00 pm on working days, except when a class is scheduled.
- Food and drinks are not allowed in the labs.
- Do not install software on lab computers. Request any software you need through your course faculty.
- Save your work to your cloud drive. Lab computers are reset every night.

Printing

Each student receives 50 free printed pages per semester at the library and lab printers. After that, printing costs INR 1 per page, paid from your SunPortal wallet.

Getting help

The IT Help Desk is in Block B, Room 012. You can also raise a ticket on SunPortal under Help > IT Support. Most tickets are resolved within one working day.

SECTION 18

Hostel and Accommodation

The Institute has separate hostels for men (Sunrise House) and women (Daybreak House), with shared and single rooms.

Applying for a room

Apply for a hostel room on SunPortal under Hostel > Apply by 30 June for the coming academic year. First-year students and students whose homes are more than 100 km from campus are given priority. Room allotments are announced by email by 15 July.

Hostel fees (per semester)

Room type	Room rent	Mess fee
Triple sharing	INR 32,000	INR 22,000
Double sharing	INR 40,000	INR 22,000
Single room (final-year students only)	INR 48,000	INR 22,000

Room changes

Room change requests are accepted only in the first two weeks of each semester, on SunPortal under Hostel > Requests. Changes depend on room availability.

Maintenance

Report broken furniture, plumbing, electrical or Wi-Fi problems on SunPortal under Hostel > Maintenance. Most requests are resolved within 48 hours.

Living in the hostel

- Visitors, including parents, may meet residents in the reception lounge of each hostel. Visitors are not allowed in the rooms.
- Cooking appliances such as heaters, induction plates and kettles are not allowed in the rooms.
- Residents are responsible for damage to their room. Damage charges are deducted from the caution deposit.
- Mess menus are posted weekly on the hostel notice board.

SECTION 19

Transport and Campus Facilities

Several services on campus are available to all students, including day scholars.

College buses

The Institute runs buses on 8 routes covering the city and nearby towns. A yearly bus pass costs INR 18,000 and can be bought at the Transport Office in the Admin Block or on SunPortal under Transport. Route maps and timings are posted on SunPortal at the start of each semester.

Parking

Students may park two-wheelers in the student parking area near Block E after registering the vehicle with the Security Office. Student cars are not allowed on campus.

Canteen and food court

The main canteen is open from 8:00 am to 7:00 pm on working days and from 9:00 am to 3:00 pm on Saturdays. A food court near the sports complex is open from 11:00 am to 9:00 pm every day.

Medical centre

The medical centre, next to Daybreak House, has a doctor and a nurse on duty from 9:00 am to 5:00 pm on working days. First aid is available at the Security Office at all times. In an emergency, call Security at extension 100; they will arrange an ambulance.

Sports complex

The sports complex has a cricket ground, a football field, basketball and badminton courts, a gym and an indoor games hall. It is open to students from 6:00 am to 9:00 am and from 4:30 pm to 8:30 pm. Gym access requires a one-time registration at the sports office.

Counselling

Free and confidential counselling is available with the student counsellor in the Admin Block, first floor. Book an appointment on SunPortal under Wellbeing, or walk in between 10:00 am and 4:00 pm on working days.

SECTION 20

Student Conduct and Discipline

Every student is expected to treat others with respect and to follow the rules of the Institute, on and off campus.

Everyday rules

- Carry your student ID card at all times on campus and show it when asked by staff or security.
- Keep mobile phones on silent during classes and in the library.
- Smoking, alcohol and drugs are strictly prohibited on campus.
- Dress neatly. Lab coats and closed shoes are mandatory in all labs and workshops.
- Do not damage Institute property. Repair costs are charged to the students responsible.

Ragging is a crime

Ragging in any form is strictly prohibited and is a criminal offence. Any student found guilty of ragging may be suspended or expelled. Report any incident to the Anti-Ragging Committee through the Student Affairs Office. All complaints are kept confidential.

Harassment and discrimination

Harassment of any kind, including sexual harassment and discrimination based on gender, caste, religion, region or disability, is not tolerated. Complaints can be made to the Internal Complaints Committee through the Student Affairs Office.

Disciplinary process

Serious misconduct is reviewed by the Disciplinary Committee. The student is informed of the complaint in writing and is given a chance to respond before any decision is made. Penalties range from a written warning to a fine, suspension or expulsion. A student can appeal a decision to the Dean of Student Affairs within 15 days.

SECTION 21

Clubs, Events and On-Duty Leave

Student life at Sunrise Institute goes beyond the classroom. There are more than 20 student clubs, run by students with a faculty advisor.

Clubs

Clubs include the Coding Club, Robotics Club, AI and Data Science Club, Entrepreneurship Cell, Music Club, Dramatics Society, Photography Club, Literary Society and NSS (National Service Scheme). Club recruitment happens during the first month of the odd semester. The full list is on SunPortal under Campus Life.

Student Council

The Student Council represents students to the Institute's management. Council elections are held every September. Any student with a CGPA of 6.5 or above and no disciplinary record can stand for election.

Annual events

Event	When
SunFest (cultural festival)	February
TechSunrise (technical festival and hackathon)	October
Annual Sports Meet	March
Freshers' welcome	August

On-duty (OD) leave

If you miss classes to represent the Institute, for example at an inter-college competition, hackathon or sports event, you can apply for on-duty leave. Apply on SunPortal under Academics > OD at least 3 working days before the event, with approval from your club's faculty advisor. Approved OD days count as present. A student can take a maximum of 10 OD days per semester.

SECTION 22

Internships and Placements

The Training and Placement Cell helps students find internships and jobs, and prepares them for interviews.

Internships

B.Tech students must complete a summer internship of 6 to 8 weeks after their third year. The internship carries 2 credits and is graded on a report and a presentation. Before starting, get a No Objection Certificate (NOC) from your department by applying on SunPortal under Academics > Internship.

Placement eligibility

WHO CAN SIT FOR PLACEMENTS?

Final-year students with a CGPA of **6.0 or above** and **no active backlogs**.

Register on the placement portal by **15 July** of your final year.

Placement process

- Companies announce openings through the placement portal. Apply only to roles you are genuinely interested in.
- Most companies hold an online test, followed by technical and HR interviews.
- Attend the pre-placement talk of every company you apply to; attendance is recorded.

One-offer policy

Once you accept a job offer, you are not eligible for further placements, except for a dream offer, which is an offer with a salary at least twice the median salary of the previous year's batch. Declining an offer after accepting it may bar you from the placement process.

Training

The Cell runs aptitude training, mock interviews and resume reviews from the third year onwards. Sessions are announced on SunPortal and by email.

SECTION 23

Contacts and Office Hours

If your question is not answered in this handbook, contact the office responsible. For anything else, start with the Student Affairs Office.

Office	Location	Email	Ext.
Student Affairs Office	Admin Block, ground floor	studentaffairs@sunrise.example	101
Examination Cell	Admin Block, first floor	exams@sunrise.example	115
Accounts Office (fees)	Admin Block, ground floor	accounts@sunrise.example	120
Scholarship Cell	Admin Block, first floor	scholarships@sunrise.example	125
Hostel Office	Sunrise House, ground floor	hostel@sunrise.example	130
Central Library	Library building	library@sunrise.example	140
IT Help Desk	Block B, Room 012	ithelp@sunrise.example	150
Training and Placement Cell	Block C, ground floor	placements@sunrise.example	160
Security (24 hours)	Main gate	-	100

Office hours

Offices in the Admin Block are open Monday to Friday from 9:30 am to 5:00 pm, and on Saturday from 9:30 am to 1:00 pm. They are closed on Sundays and public holidays. Security is available at all times.

Raising a request

Most requests can be raised online on SunPortal under Help > Raise a Request. You will receive a ticket number by email, and most requests are answered within 2 working days. For urgent matters, visit the office in person during office hours.

NOT SURE WHO TO ASK?

Email **studentaffairs@sunrise.example** or visit the Student Affairs Office in the Admin Block. They will answer your question or direct you to the right office.
